

La carte des pays investisseurs et des pays cibles établie par la CNUCED

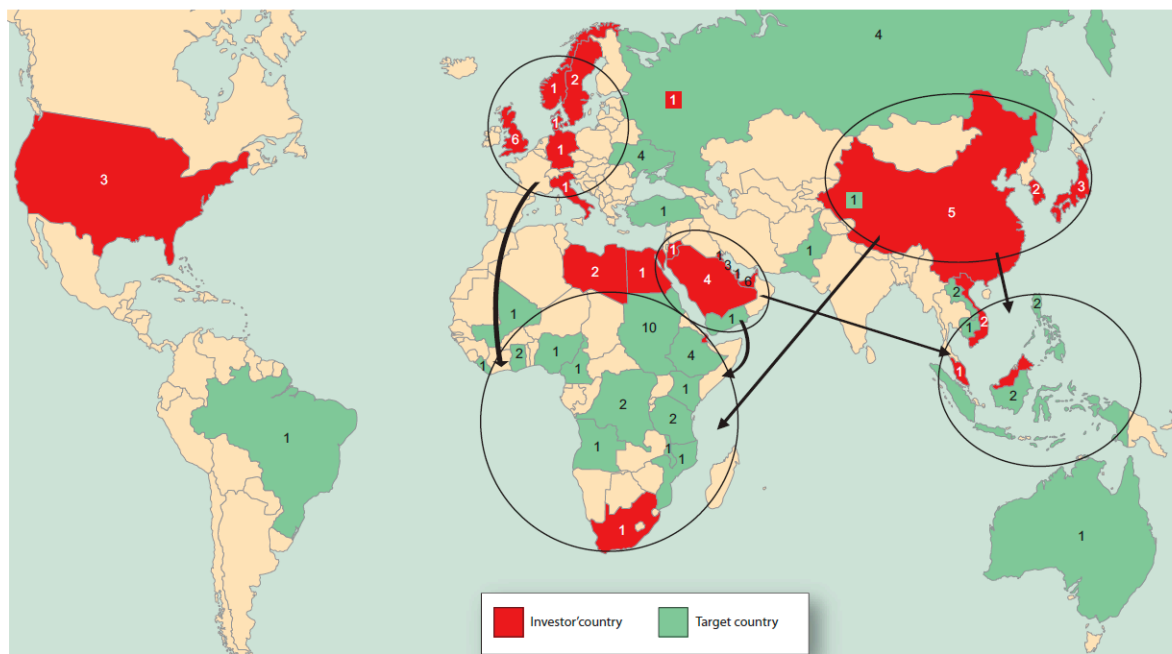

*(Conférence des Nations Unies sur le Commerce et le Développement
ou UNCTAD, United Nations Conference on Trade and Development)*

Cette carte recense et cartographie 48 contrats **d'investissement direct étranger** (IDE ou FDI en anglais) dans des pays cibles, pour des motifs de production agricole. Ce sont les contrats qui ont été recensés entre 2006 et 2009 et pour lesquels on sait qu'il y a eu signature. Les pays investisseurs sont en rouge. Les pays cibles ou destinataires sont en vert.

Il est intéressant d'observer que les IDE se font non seulement entre le Nord et le Sud, mais aussi entre pays du Sud.

Les chiffres indiqués dans chaque pays concernent le nombre de contrats effectivement signés ou mis en œuvre.

(Number of signed or implemented deals)

Source: UNCTAD.

Notes: This map covers only confirmed deals that have been signed, some of which have been implemented. However, not all signed deals have been implemented, and all signed deals that were rescinded by one or both parties before the end of May 2009 are excluded. Prospective deals reported in the press, but which have not progressed to the stage of agreement are excluded. The total number of deals was 48, shown by both source and destination countries.
